

April 15, 2015

Dear Parents, Guardians and Community Members:

I am writing to let you know that elementary students will be moving to the new Gift Lake Learning Centre to resume classes and will not return to the temporary school near the community hall.

Staff members are currently moving materials to work towards having students in the school April 20<sup>th</sup>. Alberta Infrastructure is working with the builders and Northland School Division staff to address work that needs to be completed inside and outside the school.

Once elementary students are settled into the school and work to the junior high wing is complete, we will set a date to move junior high students. In the meantime, they will continue to attend classes at the Northern Lakes College Campus in Grouard.

Thank you students, parents and community members for your time. We will keep you updated once we have more information.

Sincerely,

Donna Barrett  
Superintendent of Schools  
Northland School Division No. 61

c.c. Barb Laderoute, Principal, Gift Lake School  
Ken Shaw, Chairperson, Gift Lake Local School Board Committee  
Dave Lamouche, Gift Lake Metis Settlement Council
